

Creating environments for healthy human development
and a healthy biosphere for generations to come.

Check out the NLI Website!

Showcasing Healthy Starts for Infants and Toddlers – Outdoors!

NLI has led (since 2018) the outdoor learning environment component of this innovative health promotion program, funded through NC DCDEE. Achievements on the ground were celebrated Oct 7, 2021, with county TAs highlighting new, stimulating I-T outdoor experiences in four counties.

Giving Thanks!

Recognizing this special time of year, NLI gratefully thanks all those organizations and individuals locally and far and wide, who've collaborated over so many years (including pandemic challenges), to continue creating environments for healthy human development and a healthy biosphere for generations to come.

Randolph County Partnership for Children's Fall Summit

Randolph's Outdoor Learning Environment (OLE) Summit, hosted by the Early Childhood Development Center (NLI project 2013), included visits to four additional centers to celebrate outstanding new OLE improvements. A playful outdoor session on insects was led by NLI.

A Global Perspective on Addressing Inclusion through the SDGs

Former NLI team member and NC State alum, Dr. Chatterjee, is lead editor of this valuable collection that transports the reader to meet young people living in dire conditions of the developing world, arguing for the critical need to engage them in addressing the 17 Sustainable Development Goals (SDGs).

Natural Learning at Home® November

This publication includes simple seasonal recipes, activities, and facts that can be used in both childcare centers and at home. These fun resources are a great way to celebrate the season! *Governor Cooper declared November as family engagement month!*
