Registration deadline: July 5, 2018

NC STATE Design

Natural Learning Initiative invites you to attend a tour of three POD Wake Co. Demonstration Sites to see progress in the creation of their naturalized outdoor learning environments. The day will also feature discussions with POD Wake Co. directors and DCDEE licensing consultants and a celebration of the achievements of the POD Wake Co. Centers.

The goal of Preventing Obesity by Design (POD) is to increase early childhood physical activity and food awareness through evidence-informed design assistance, teacher training, and dissemination of information.

Preventing Obesity by Design in Wake County (POD Wake Co.) is supported by the John Rex Endowment | naturalearning@ncsu.edu | 919-515-8345
